

BLOCK CUT PM - GM

Block cut PM - GM

Wood block,

Interchangeable and recyclable cardboard, (sell by 3)

One cardboard side, to use with cutting tools (hollow punches, round knife, skiving knife ...)

The block will allow to cut your pieces of leather with hollow punches, to use with cutting tools ...

It allows to the hollow punches to transfer all its energy into the cut of the leather when you give it a shot of mallet.

The block must be used on a stable surface for best results.
